## HOBBIES

### PLAYING GAME

### LISTENING TRANCE MUSIC

## ADDRESS

### CURRENT LOCATION:

Charan PG Stage 2, BTM, Bengaluru.

## PROJECT

### KWEATHER APP HTML | CSS | JAVA SCRIPT - JAN 2023

- Developed a weather app with advanced features including a search function by city name auto-detect location, and 5-hour and 5-day weather forecasts using open weather API
- Implemented user validation with friendly feedback for location inputs.
- Link: [//kweatherapp](#)

### PORTFOLIO REACT.JS - AUG 2022

- Created an interactive experience for users on my portfolio using React.js, allowing them to easily navigate through my work and learn more about my projects.
- Links: [//KalpeshPortfolio](#)

### CURD APP FOR STUDENT DATA REACT.JS | NODE.JS | EXPRESS.JS | MONGO DB - NOV 2022

- Developed a Secure and fully validated CRUD application with features such as duplicate roll numbers prevention and mandatory fields validation, ensuring data accuracy and integrity.
- Improved usability and efficiency by Adding advanced search and filter option based on student name and class, resulting in a streamlined and user-friendly experience for administrators.
- Link: [//StudentCurdApp](#)

### STUDENT REGISTRATION PORTAL HTML | CSS | JAVA SCRIPT | PHP | SQL - APRIL 2021

- Developed a web-based student Registration Portal to replace the traditional paper-based college registration
- Streamlined communication between teachers and students through a user-friendly registration interface, organizing and managing student form data by department.
- Contributed to the Student Registration Portal UI design using HTML, CSS, and JavaScript.
- Repo-Link: [//StudentRegPortal](#)

## TRAINING

### FULL STACK WEB DEVELOPMENT INTERNSHIP PROGRAM BY EDUREKA Duration: Mar 2022 - Aug 2022

- Completed online Training in full-stack web development, covering HTML, CSS, JS, Bootstrap, Node.JS, Express.JS, MongoDB, and React.JS.
- Gained hands-on experience in designing and implementing the front-end and back-end of web application, as well as database management.
- Throughout the program, I completed multiple assignments and worked on two mini-projects to reinforce my learning.
- Developed a Online Food Ordering web application under the guidance of the instructor.
- Earned a certificate from Edureka to validate my skills and knowledge in full-stack web development.
